2022 | SPRING MOUNTAIN

CABERNET SAUVIGNON

"The 2022 Cabernet Sauvignon (Spring Mountain District) is elegant in feel and also quite expansive, especially with a bit of time in the glass. Sumptuous dark red-toned fruit, mocha, new leather and licorice all meld together in a seamless Cabernet Sauvignon that delivers the goods. The 2022 is a big wine, and yet it conveys plenty of Spring Mountain character."
